It is the legislative intent that veterinarians who are not normally competent or who otherwise present a danger to the public shall be disciplined or prohibited from practicing in this state.

(1) Any faculty member practicing only in conjunction with teaching duties at a school or college of veterinary medicine. Such school or college shall be located in this state and be accredited by the American Veterinary Medical Association Council on Education. The faculty member exemption shall automatically expire when such school or college terminates the faculty member from such teaching duties. On December 31 of each year, such school or college shall provide the board with a written list of all faculty who are exempt from this chapter. Such school or college shall also notify the board in writing of any additions or deletions to such list.

(2) A student in a school or college of veterinary medicine while in the performance of duties assigned by his instructor or when working as a preceptor under the immediate supervision of a licensee, provided that such preceptorship is required for graduation from an accredited school or college of veterinary medicine. The licensed veterinarian shall be responsible for all acts performed by a preceptor under his supervision.

(3) Any doctor of veterinary medicine in the employ of a state agency or the United States Government while actually engaged in the performance of his official duties; however, this exemption shall not apply to such person when he is not engaged in carrying out his official duties or is not working at the installations for which his services were engaged.

474.207 Licensure by examination.—

(1) Any person desiring to be licensed as a veterinarian shall apply to the department to take a licensure examination. The board may by rule adopt use of a national examination in lieu of part or all of the examination required by this section, with a reasonable passing score to be set by rule of the board.

(2) The department shall license each applicant who the board certifies has:

(a) Completed the application form and remitted an examination fee set by the board.

(b)1. Graduated from a college of veterinary medicine accredited by the American Veterinary Medical Association Council on Education; or

2. Graduated from a college of veterinary medicine listed in the American Veterinary Medical Association Roster of Veterinary Colleges of the World and obtained a certificate from the Education Commission for Foreign Veterinary Graduates.

(c) Successfully completed the examination provided by the department for this purpose, or an examination determined by the board to be equivalent.

(d) Demonstrated knowledge of the laws and rules governing the practice of veterinary medicine in Florida in a manner designated by rules of the board.

The department shall not issue a license to any applicant who is under investigation in any state or territory of the United States or in the District of Columbia for an act which would constitute a violation of this chapter until the investigation is complete and disciplinary proceedings have been terminated, at which time the provisions of s. 474.214 shall apply.

(3) Notwithstanding the provisions of paragraph (2)(b), an applicant shall be deemed to have met the

education requirements for licensure upon submission of evidence that the applicant meets one of the following:

(a) The applicant was certified for examination by the board prior to October 1, 1989; or

(b) The applicant immigrated to the United States after leaving his home country because of political reasons, provided such country is located in the Western Hemisphere and lacks diplomatic relations with the United States; and

1. Was a Florida resident immediately preceding his application for licensure;

2. Demonstrates to the board, through submission of documentation verified by his respective professional association in exile, that he received a professional degree in veterinary medicine from a college or university located in the country from which he emigrated. However, the board may not require receipt transcripts from the Republic of Cuba as a condition of eligibility under this section; and

3. Lawfully practiced his profession for at least 3 years.

(4) Applicants certified for examination or reexamination under subsection (3) who fail the examination three times subsequent to October 1, 1989, shall be required to demonstrate to the board that they meet the requirements of paragraph (2)(b) prior to any further reexamination or certification for licensure.

(5) An unlicensed doctor of veterinary medicine who has graduated from an approved college or school of veterinary medicine and has completed all parts of the examination for licensure is permitted, while awaiting the results of such examination for licensure or while awaiting issuance of the license, to practice under the immediate supervision of a licensed veterinarian. A person who fails any part of the examination may not continue to practice, except in the same capacity as other nonlicensed veterinary employees, until he passes the examination and is eligible for licensure.

474.2125 Temporary license.—

(1) The board shall adopt rules providing for the issuance of a temporary license to a licensed veterinarian of another state for the purpose of enabling him to provide veterinary medical services in this state for the animals of a specific owner or, as may be needed in an

emergency as defined in s. 252.34(2), for the animals of multiple owners, provided the applicant would qualify for licensure by endorsement under s. 474.217. No temporary license shall be valid for more than 30 days after its issuance, and no license shall cover more than the treatment of the animals of one owner except in an emergency as defined in s. 252.34(2). After the expiration of 30 days, a new license is required.

(2) Each application for a temporary license shall state the names of all persons who are to enter this state and shall be accompanied by a fee in an amount established by the board.

(3) Upon certification of the applicant by the board, the department shall issue a temporary license to the applicant.

(4) The application for a temporary license shall constitute the appointment of the Department of State as an agent of the applicant for service of process in any action or proceeding against the applicant arising out of any transaction or operation connected with, or incidental to, the practice of veterinary medicine for which the temporary license was issued.

History.—ss. 11, 16, ch. 85-291; s. 4, ch. 91-429; s. 130, ch. 94-119.

474.213 Prohibitions; penalties.—

(b) Use the name or title "veterinarian" when the person has not been licensed pursuant to this chapter;

(c) Present as his own the license of another;

(d) Give false or forged evidence to the board or a member thereof for the purpose of obtaining a license;

(e) Use or attempt to use a veterinarian's license which has been suspended or revoked;

(f) Knowingly employ unlicensed persons in the practice of veterinary medicine;

(g) Knowingly conceal information relative to violations of this chapter;

(h) Obtain or attempt to obtain a license to practice veterinary medicine by fraudulent representation;

(i) Practice veterinary medicine in this state, unless the person holds a valid, active license to practice veterinary medicine pursuant to this chapter;

(j) Sell or offer to sell a diploma conferring a degree from a veterinary school or college, or a license issued pursuant to this chapter, or procure such diploma or license with the intent that it shall be used as evidence of that which the document stands for by a person other than the one upon whom it was conferred or to whom it was granted; or

(k) Knowingly operate a veterinary establishment or premises without having a premise permit issued under s. 474.215.

(2) A person who violates any provision of this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

History.—ss. 1, 2, ch. 79-228; ss. 2, 3, ch. 81-318; ss. 4, 5, 15, 16, ch. 85-291; s. 7, ch. 91-176; s. 105, ch. 91-224; s. 4, ch. 91-429; s. 131, ch. 94-119; s. 63, ch. 95-144.

474.214 Disciplinary proceedings.—

(1) The following acts shall constitute grounds for which the disciplinary actions in subsection (2) may be taken:

(a) Attempting to procure a license to practice veterinary medicine by bribery, by fraudulent representations, or through an error of the department or the board.

(b) Having a license or the authority to practice veterinary medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including any agency or subdivision thereof. The licensing authority's acceptance of a veterinarian's relinquishment of a license, stipulation, consent order, or other settlement, offered in response to or in anticipation of the filing of administrative charges against the veterinarian's license or authority to practice, shall be construed as action against the veterinarian's license or authority to practice.

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of veterinary medicine or the ability to practice veterinary medicine. Any crime which demonstrates a lack of regard for animal life relates to the ability to practice veterinary medicine. In addition, crimes relating to the ability to practice veterinary medicine shall include, but not be limited to, crimes involving any violation of state or federal drug laws.

(d) Making or filing a report or record which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing, or inducing another person to impede or obstruct such filing. Such reports or records shall include only those which are signed in the capacity of a licensed veterinarian.

(e) Advertising goods or services in a manner which is fraudulent, false, deceptive, or misleading in form or content.

(f) Violating any provision of this chapter or chapter 455, a rule of the board or department, or a lawful order of the board or department previously entered in a disciplinary hearing, or failing to comply with a lawfully issued subpoena of the department.

(g) Practicing with a revoked, suspended, inactive, or delinquent license.

(h) Being unable to practice veterinary medicine with reasonable skill or safety to patients by reason of illness, drunkenness, use of drugs, narcotics, chemicals, or any other material or substance or as a result of any mental or physical condition. In enforcing this paragraph, upon a finding by the secretary, his designee, or the probable cause panel of the board that probable cause exists to believe that the licensee is unable to practice the profession because of the reasons stated in this paragraph, the department shall have the authority to compel a licensee to submit to a mental or physical examination by a physician designated by the department. If the licensee refuses to comply with the department's order, the department may file a petition for enforcement in the circuit court of the circuit in which the licensee resides or does business. The licensee shall not be named or identified by initials in any other public

court records or documents and the enforcement proceedings shall be closed to the public. The department shall be entitled to the summary procedure provided in s. 51.011. A licensee affected under this paragraph shall be afforded an opportunity at reasonable intervals to demonstrate that he can resume the competent practice for which he is licensed with reasonable skill and safety to patients. Neither the record of proceedings nor the orders entered by the board in any proceedings under this paragraph shall be used against a licensee in any other proceedings.

(i) Judicially determined mental incompetency. However, a license suspended for this cause may be reinstated upon legal restoration of the competency of the individual whose license was so suspended.

(j) Knowingly maintaining a professional connection or association with any person who is in violation of the provisions of this chapter or the rules of the board or department. However, if the licensee verifies that the person is actively participating in a board-approved program for the treatment of a physical or mental condition, the licensee is required only to report such person to the consultant.

(k) Paying or receiving kickbacks, rebates, bonuses, or other remuneration for receiving a patient or client or for referring a patient or client to another provider of veterinary services or goods.

(l) Performing or prescribing unnecessary or unauthorized treatment.

(m) Fraud in the collection of fees from consumers or any person, agency, or organization paying fees to practitioners.

(n) Attempting to restrict competition in the field of veterinary medicine other than for the protection of the public. However, this provision shall not apply to testimony made in good faith at a hearing or other proceeding in which the subject is the revocation of a license or a lesser penalty.

(o) Fraud, deceit, negligence, incompetency, or misconduct, in or related to the practice of veterinary medicine.

(p) Conviction on a charge of cruelty to animals.

(q) Permitting or allowing another to use a veterinarian's license for the purpose of treating or offering to treat animals.

(r) Being guilty of incompetence or negligence by failing to practice medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent veterinarian as being acceptable under similar conditions and circumstances.

(s) Willfully making any misrepresentations in connection with the inspection of food for human consumption.

(t) Fraudulently issuing or using any false health certificate, vaccination certificate, test chart, or other blank form used in the practice of veterinary medicine relating to the presence or absence of animal disease or transporting animals or issuing any false certificate relating to the sale of products of animal origin for human consumption.

(u) Fraud or dishonesty in applying, treating, or reporting on tuberculin, diagnostic, or other biological tests.

(v) Failing to keep the equipment and premises of the business establishment in a clean and sanitary condition, having a premises permit suspended or revoked pursuant to s. 474.215, or operating or managing premises that do not comply with requirements established by rule of the board.

(w) Practicing veterinary medicine at a location for which a valid premises permit has not been issued when required under s. 474.215.

(x) Refusing to permit the department to inspect the business premises of the licensee during regular business hours.

(y) Using the privilege of ordering, prescribing, or making available medicinal drugs or drugs as defined in chapter 465, or controlled substances as defined in chapter 893, for use other than for the specific treatment of animal patients for which there is a documented veterinarian/client/patient relationship. Pursuant thereto, the veterinarian shall:

1. Have sufficient knowledge of the animal to initiate at least a general or preliminary diagnosis of the medical condition of the animal, which means that the veterinarian is personally acquainted with the keeping and caring of the animal and has recently seen the animal or has made medically appropriate and timely visits to the premises where the animal is kept.

2. Be available or provide for followup care and treatment in case of adverse reactions or failure of the regimen of therapy.

3. Maintain records which document patient visits, diagnosis, treatment, and other relevant information required under this chapter.

(z) Providing, prescribing, ordering, or making available for human use medicinal drugs or drugs as defined in chapter 465, controlled substances as defined in chapter 893, or any material, chemical, or substance used exclusively for animal treatment.

(aa) Failing to report to the department any person the licensee knows to be in violation of this chapter or of the rules of the department or board. However, if the licensee verifies that the person is actively participating in a board-approved program for the treatment of a physical or mental condition, the licensee is required only to report such person to the consultant.

(bb) Violating any of the requirements of chapter 499, the Florida Drug and Cosmetic Act; 21 U.S.C. ss. 301-392, the Federal Food, Drug, and Cosmetic Act; 21 U.S.C. ss. 821 et seq., the Comprehensive Drug Abuse Prevention and Control Act of 1970, more commonly known as the Comprehensive Drug Abuse Prevention and Control Act; or chapter 893.

(cc) Failing to provide adequate radiation safeguards.

(dd) Failing to perform any statutory or legal obligation placed upon a licensee.

(ee) Failing to keep contemporaneously written medical records as required by rule of the board.

(ff) Prescribing or dispensing a legend drug as defined in chapter 499, including any controlled substance, inappropriately or in excessive or inappropriate quantities.

(gg) Practicing or offering to practice beyond the scope permitted by law.

(hh) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(ii) Presigning blank prescription forms.

(jj) Failing to report to the board within 30 days, in writing, any action set forth in paragraph (b) that has been taken against the practitioner's license to practice veterinary medicine by any jurisdiction, including any agency or subdivision thereof.

(kk) Aiding or assisting another person in violating any provision of this chapter or any rule adopted pursuant thereto.

(ll) Failing to respond within 60 days after receipt of a request to provide satisfactory proof of having participated in approved continuing education programs.

(mm) Failing to maintain accurate records or reports as required by this chapter or by federal or state laws or rules pertaining to the storing, labeling, selling, dispensing, prescribing, and administering of controlled substances.

(nn) Failing to report a change of address to the board within 60 days thereof.

(oo) Failure of the responsible veterinarian to report a change of premises ownership or responsible veterinarian within 60 days thereof.

(pp) Failing to give the owner of a patient, before dispensing any drug, a written prescription when requested.

(2) When the board finds any applicant or veterinarian guilty of any of the grounds set forth in subsection (1), regardless of whether the violation occurred prior to licensure, it may enter an order imposing one or more of the following penalties:

(a) Denial of certification for examination or licensure.

(b) Revocation or suspension of a license.

(c) Imposition of an administrative fine not to exceed \$1,000 for each count or separate offense.

(d) Issuance of a reprimand.

(e) Placement of the veterinarian on probation for a period of time and subject to such conditions as the board may specify, including requiring the veterinarian to attend continuing education courses or to work under the supervision of another veterinarian.

(f) Restricting the authorized scope of practice.

(g) Imposition of costs of the investigation and prosecution.

(h) Requiring the veterinarian to undergo remedial education.

In determining appropriate action, the board must first consider those sanctions necessary to protect the public. Only after those sanctions have been imposed may the disciplining authority consider and include in its order requirements designed to rehabilitate the veterinarian. All costs associated with compliance with any order issued under this subsection are the obligation of the veterinarian.

(3) The department shall reissue the license of a disciplined veterinarian upon certification by the board that the disciplined veterinarian has complied with all of the

terms and conditions set forth in the final order and is capable of competently and safely engaging in the practice of veterinary medicine.

474.2145 Subpoena of certain records.—Notwithstanding the provisions of s. 455.241, the department may issue subpoenas duces tecum requiring the names and addresses of some or all the clients of a licensed veterinarian against whom a complaint has been filed pursuant to s. 455.225 when the information has been deemed necessary and relevant to the investigation as determined by the secretary of the department.

History.—ss. 13, 16, ch. 85-291; s. 4, ch. 91-429.

474.215 Premises permits.—

(1) Any establishment, permanent or mobile, where a licensed veterinarian practices must have a premises permit issued by the department. Upon application and payment of a fee not to exceed \$250, as set by rule of the board, the department shall cause such establishment to be inspected. A premises permit shall be issued if the establishment meets minimum standards, to be adopted by rule of the board, as to sanitary conditions, recordkeeping, equipment, radiation monitoring, services required, and physical plant.

(2) Each application for a premises permit shall set forth the name of the licensed veterinarian who will be responsible for the management of the establishment and the name and address of the owners of the establishment.

(3) The premises permit may be revoked, suspended, or denied when inspection reveals that the establishment does not meet the standards set by rule or when the license of the responsible veterinarian has been suspended or revoked.

(4) Any practitioner who provides veterinary service on a house-call basis and who does not maintain a veterinary establishment for receipt of patients shall not be required to obtain a premises permit, but must provide for minimum equipment and facilities as established by rule.

(5) The department may issue a temporary premises permit to a responsible veterinarian who has submitted the application fee and a completed application form affirming compliance with the standards set by rule of the board. If the department inspects the establishment and discovers that it is not in compliance with the department's standards, the department shall notify the veterinarian in writing of the deficiencies and shall provide 30 days for correction of the deficiencies and reinspection. Such temporary permit shall become void upon notification by the department that the establishment has failed, after reinspection, to meet those standards. Upon receipt of such notice, the responsible veterinarian shall close the establishment until completion of a subsequent inspection affirming that the required standards have been met and until another permit has been issued by the department.
